Term 3 - Week 10

Tuesday 22nd September 2020

When Mr Prior comes on Tuesday afternoons he works with the students on using their imagination to creatively meet challenges. It also helps if there's a bit of a sweetener too!

Spring

We wish you all a safe, fun and relaxing spring break, and look forward to seeing our students again for term 4 on Monday 12th October

Two of our senior students received awards for their participation in the Third Annual Dungog Game Jam. When I asked what the best thing about it was they answered 'working together' and 'teamwork'.

Please remember:

- If your child is unwell, even with the mildest symptoms, please *do not send them to school*;
- Students are not to share food or drinks;
- Students must bring a water bottle to school, as they are not permitted to use the bubblers (please check that your child has a water bottle *every day*)

Martins Creek Public School

is an AMAZING school!

We have been educating the children of Martins Creek and surrounds for over 125 years.

We welcome all children and cater to the needs of each individual student; supporting, encouraging and tailoring our educational approach to help them learn to their best capacity.

Our dedicated staff are constantly looking for ways to best meet the needs of our entire school community.

New enrolments are always welcomed, and we eagerly anticipate continued growth of our student population.

If you or someone you know would like to find out more about our wonderful school, please contact the office on (02) 4938 5239 or email to martinscrk-p.school@det.nsw.edu.au

As the weather warms we all want to spend more time outside and cycling is a wonderful way to exercise, be in nature, and to spend time together.

This scavenger hunt is designed by [Bicycle NSW](https://www.bicycle.nsw.gov.au/) for users to do anywhere. Many of the hunt items can be found at or near a park, and using the park bench, bridge, BBQ or play equipment can also be part of the outing. It's a great thing for a family, regardless of age, and can be done by all skill levels.

For those capable riders who are interested in bigger challenges the Dungog Common now has some new mountain bike tracks. The [Ride Dungog](https://www.ridedungog.com.au/) website has lots of information about local tracks on mountain, gravel and road, including routes to small towns, cafes, swimming places and view sites.

And if you're looking for a really big ride the interactive map on the [Bicycle NSW](https://www.bicycle.nsw.gov.au/) website provides details of a range of rides as close as the Barrington Tops, or further if you're looking to get away.
